Keep up the fight!

Another round of stimulus checks and other kinds of help are going out for American families and businesses, as we all try to fight through this pandemic and reach a brighter day. Free school meals are a big part of that effort. Whether your free meals are available at school, for curbside pick-up, or by some other means, we urge you, for the good of your family, our schools, and our community, to please take advantage of this stimulus, too!

SPEED OF FLIGHT

Peregrine Falcon
Fastest Animal
on Earth!

Peregrine Falcons mainly hunt other birds – birds as small as a hummingbird and as big as a seagull! Their favorite target in much of their range is the pigeon. Peregrines will climb way, way up in the sky and then suddenly drop sharply into an ultra-streamlined dive, or “stoop,” reaching 200 miles per hour or more before contact! Poor pigeons!

THE PONY EXPRESS

The Pony Express began its 2,000-mile service from Missouri to California in April 1860. The cost was \$10 per ounce of mail, and delivery time was about 10 days.

Long ago, sailors used to suffer from a condition called "scurvy," until British sailors started taking a certain fruit (which contained a lot of vitamin C) with them on their voyages. Like magic, no more scurvy! To identify these magical fruits, trace a path through the maze, collecting letters as you go. Then, rearrange the letters you found on the correct path to get the answer!

★ OUR NATION'S HISTORY ★

The famous American writer Edgar Allan Poe is probably best remembered for spooky works like his poem "The Raven," but 168 years ago this month, in April 1841, he published "The Murders in the Rue Morgue," which is considered to be the very first detective story ever written.
